# LED NEON

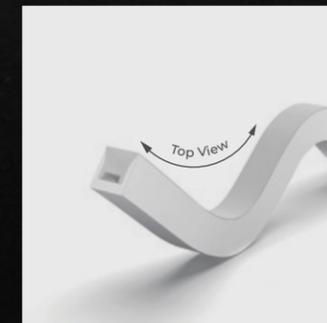

Using Dow Corning SILASTIC™ silicone and co-extrusion manufacturing offers premium UV resistance, chemical stability, and against abrasion. The outstanding feature of the raw material silicone is a wide temperature range -50 to 200 C, the LED neon protection is IP67/IP68. As a complete system, full accessories is offered. Such as connector to support you cut our LED Neon on site and re-connecting cable, profiles, clips, cable, endcaps, etc.

# LED NEON ROADMAP

## Top Bend

Vertical bend high light transmittance neon, IP67 protection with full range size options.

## Side Bend

Horizontal bend high light transmittance neon, IP67 protection with full range size options.

## 3D

Agile 3D family can be effortlessly applied to the complex design of shapes.

## Anti Glare

The black appearance is easily hidden or seamlessly blends effortlessly into dark environments.

## Specific Areas

Professional designed for specific applications. Such as swimming pools, seaside, sauna room, etc.

## 360° Lighting

360° uniform lighting with free bend and cut, elegant decorative in the matte finish, soft plush cover, and rope sleeve options.

# ENDCAP OPTIONS

## Mold Endcap By Yourself

Completely Solution Package

Raw Material Support

Fit to Various Products

IP67 Protection

Quick Length Customized

Simple Operation

### Process Steps

**01**  
Cut the neon

**02**  
Use silicone cable

**03**  
Molding the endcap

**04**  
Lock metal ring

**05**  
Finished

### Endcap Machine System

A glowing orange ring with a white inner edge, set against a dark background. The text "TOP BEND" is written in white, bold, sans-serif capital letters across the center of the ring.

**TOP BEND**

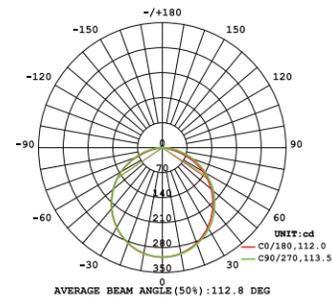

# 1617 LED Neon Light // Top Bend

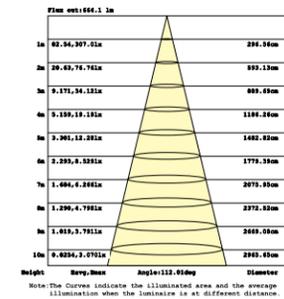

This is a silicone co-extrusion IP67 neon offers UV resistance, chemical stability, and against abrasion. It supports freely configurable in length by filed cutting and assembly with quick endcap.

Vertical bending.  
Up to 53ft run length from the single power feed. Dust-free matte finish.

<b>Integral Endcap (IP67)</b>			
<b>Silicone Endcap (IP67)</b>			

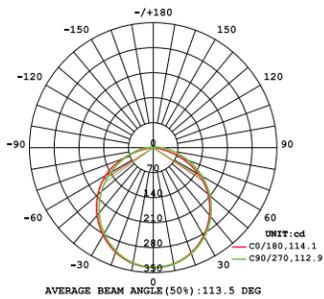

# 5025 LED Neon Light // Top Bend

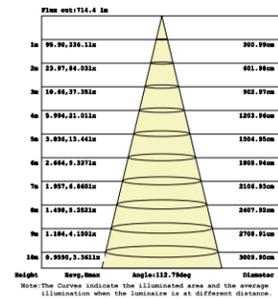

This is a silicone co-extrusion IP67 neon offers UV resistance, chemical stability, and against abrasion. It supports freely configurable in length by filed cutting and assembly with quick endcap.

Vertical bending.  
Up to 52ft run length from the single power feed. Dust-free matte finish.

## Cable Lead Option

<b>Silicone Endcap (IP67)</b>	 Front Cable Entry	 Closed End cap
-------------------------------	---	--

A glowing white fiber optic cable is shown against a dark background. The cable is coiled and has a bright, wide beam of light emanating from its end. The background is covered in water droplets, creating a reflective and textured surface. The text "Wide Beam angle" is overlaid in white, bold, sans-serif font across the center of the image.

**Wide Beam angle**

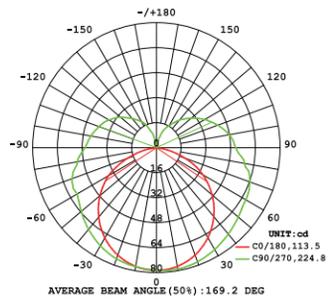

# 1225 LED Neon Light // Side Bend

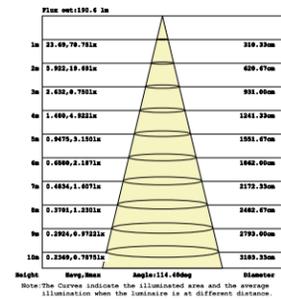

This is a silicone co-extrusion IP67 neon offers UV resistance, chemical stability, and against abrasion. It supports freely configurable in length by filed cutting and assembly with quick endcap.

Horizontal bending.  
Up to 63ft run length from the single power feed. Dust-free matte finish.

# 3D LED NEON LIGHT

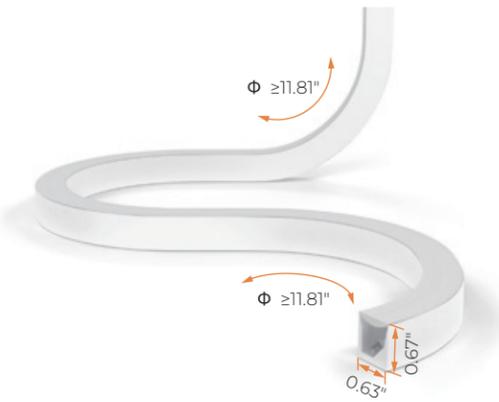

## 3D LED NEON LIGHT

unique construction enables the product to be freely bent vertically and horizontally to fit any surface as a flexible LED lighting solution. Various dimensions are available, such as 0.87"x0.87" (22x22mm), 0.63"x0.67" (16x17mm), 0.39"x0.39" (10x10mm), etc. IP67 protection offering enhanced versatility and durability for both indoor and outdoor applications.

Uniform light in white color, CCT tunable, RGB/RGBW color changing, dimmable. The production length is  $\geq 10\text{m}$ .

Welcome to try 3D LED Neon Light and see what it can bring.

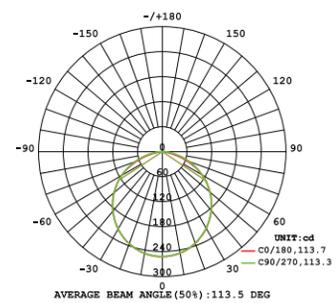

# 1617 LED Neon Light // 3D Bend

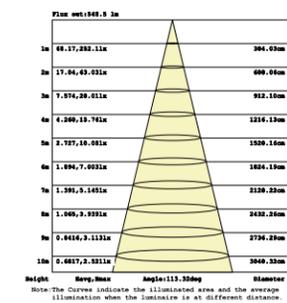

This is a silicone co-extrusion IP67 neon offers UV resistance, chemical stability, and against abrasion. It supports freely configurable in length by filed cutting and assembly with quick endcap.

Vertical & Horizontal dual bending. Up to 33ft run length from the single power feed. Dust-free matte finish.

## Cable Lead Option

# Underwater IP68 LED Neon Light

## 16FT DEPTH OF UNDERWATER

Neon material under the swimming pool environment has been tested and passed smoothly. 5ppm Chlorine Content is >10 times the swimming pool chlorine content.

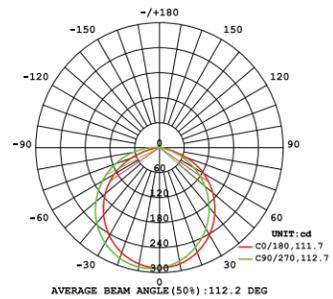

# 1617 LED Neon Light // IP68 Top Bend

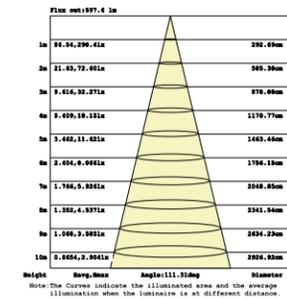

This is IP68 underwater neon offers UV resistance, chemical stability, and against abrasion. UL676 and against chlorine <math><5\text{ppm}</math>, underwater depth 16ft.

Vertical bending. Suitable for swimming pool, sea world, yacht lighting, etc.

# PIXEL 1617 LED Neon Light // 3D

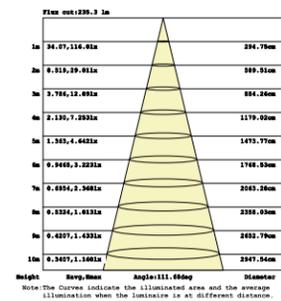

PIXEL is a digital LED neon to realize color-changing effects, gradients, chases, pulsating patterns, and animations. These effects can be easily programmed and synchronized for captivating visual displays.

Vertical & Horizontal dual bending.  
Controlled by SPI signal, IC UCS2904

## Light Distribution Curve

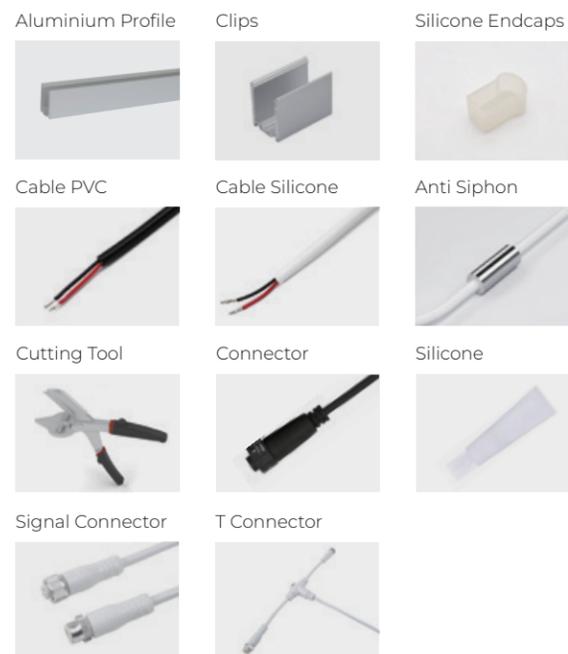

## Average Illuminance

## Technical Data

Model No.	ADW-3D1617V24-Crgbw-SPI
Dimension	0.63in x 0.67in
Voltage	DC24V
Control	SPI
IC Model	UCS2904
Efficacy	20.4LM/W @RGBW
Storage Temperature	-30~60 C / -22~140 F
Standard Length	15ft
Max. Production Length	33ft
Warranty	3 years

## Accessories

After the led strip is connected to the signal wire and power supply wire correctly, It is necessary to use a controller or order to address the led strip ,then the controller can run the control effect program.

# 360° NEON

---

Unique optical light distribution structure design, 360° emitting uniform without shadow.

Integrated extrusion molding process, high light transmittance, environment-friendly silicone material.

Excellent toughness, stylish appearance, elegant design.

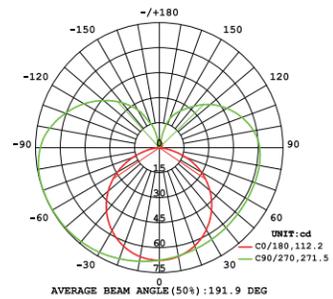

# D25 LED Neon Light

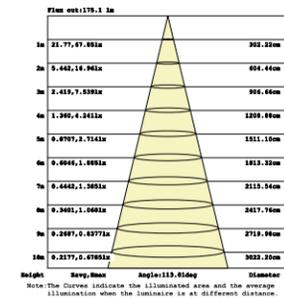

D25 is a 360° emitting uniform light without shadow, silicone extrusion IP65/IP67 neon offers UV resistance, chemical stability, and against abrasion. It supports freely cutting in single color.

Free bending.  
Support various installation methods to achieve creative lighting design.
